

Deck inspection sheet

Write the expected result first. Check the box only after the student action works.

Deck: _____ **Date:** _____

Device / screen: _____

Start through Preview Deck. For branches, list and try every offered route.

- ☐ **1. START**
Expected first activity and its student instruction

- ☐ **2. ROUTES**
Route(s) to try; at a merge, which incoming activities must be complete?

- ☐ **3. ANSWERS**
Question / activity and every accepted answer

- ☐ **4. EVIDENCE**
Source visible where requested; labels, media and response control usable

- ☐ **5. LOCKS**
Required answer / Key ID; reachable clue or matching-key location

- ☐ **6. FINISH**
Final activity and the exact student instruction for what happens next

First failure, repair and retry

Activity + observed symptom

Repair made

Retried action + observed result

☐ **Every offered route checked again after the last repair**
